

Seven Year Action Plan

Introduction

In 2009, the Executive Office of Energy and Environmental Affairs (EOEEA) allowed communities to extend the eligibility period of the Five-Year Action Plan component of the Open Space and Recreation Plan to a Seven-Year Action Plan. As a result of this extension, in January and February 2010 the Open Space and Recreation Plan (OSRP) Committee updated the Five-Year Plan 2007-2012, to a Seven-Year Plan 2007-2014. To ensure the implementation of these actions on a year-to-year basis, the OSRP Committee identified all commissions, committees, departments, or groups to lead each action.

The OSRP Committee was made up of the following people:

Councilor Robert McCarthy, Chair and City Council President
Chris Burke, Park and Recreation Commission
Michael Blier, Conservation Commission
Doug Bollen, Director of Park, Recreation, and Community Services
Carey Duques, Staff, Department of Planning & Community Development
Holly Grose
Steve Harris
Douglas Sabin
Susan St Pierre
Jerry Vega, Intern, Department of Planning & Community Development
Barbara Warren, Salem Sound Coastwatch
Brett Wingard

The OSRP Committee met twice in January 2010 and held a public hearing on February 9, 2010 to review the current Five-Year Action Plan. The Committee determined which tasks have been accomplished since the approval of the Open Space and Recreation Plan in 2007, identified which tasks remain on-going, and included additional actions to be accomplished over the next five years. The approved Open Space and Recreation Plan can be viewed in full at http://salem.com/Pages/SalemMA_DPCD/studies.

In addition to extending the approved Five-Year Action Plan to a Seven-Year Plan, a new “status” column has been put in place to explain the details of accomplishments to date. Another new feature is the check marks (√), representing a completed action and the dash marks (-), representing an on-going project to be completed in the specified year. The newly added features serve as a clear and simple way to identify which goals are met, and which goals may need more focus or support. It is made clear from the table, that an impressive number of actions have been accomplished over the 3 years since the Open Space and Recreation Plan was completed and approved in 2007.

The updated Seven-Year Action Plan replaces the Five Year Action Plan included in the Open Space and Recreation Plan 2007-2012. However, it continues to work to obtain the following goals:

- 1) Maintaining public spaces and recreational facilities
- 2) Protecting open spaces
- 3) Develop and implement a capital improvement program and
- 4) Improve public access and awareness

Acronyms and abbreviations used throughout the attached table:

ADA- Americans with Disabilities Act

BComm- Beautification Committee

CIP- Capital Improvement Plan

Con Comm- Conservation Commission

CPA- Community Preservation Act

DPCD- Department of Planning & Community Development

DPW- Department of Public Works

EDI- Economic Development Initiative

Harbor Plan Imp. - Harbor Plan Implementation Committee

LAND- Local Acquisitions for Natural Diversity

MA DCR- Massachusetts Department of Conservation & Recreation

MassDOT- Massachusetts Department of Transportation

MAPC- Metropolitan Area Planning Council

MBTA- Massachusetts Bay Transportation Authority

MPPE- Massachusetts Preservation Project Fund

OSRP- Open Space and Recreation Plan

PARC- Parkland Acquisition & Renovations for Communities

SHARE- Salem Harbor Alliance for Reliable Energy

SSCW- Salem Sound Coastwatch

Seven Year Action Plan 2007-2014
