Commissioners were excited about their first project as they were able to pack over 150 boxes for families in addition to toy donation.

#### **Current/Future Projects:**

##### **Student Government Day:**

Jared mentioned that last time he spoke with Ms. Mansfield she did not oppose to passing the project along to the Salem Youth Commission. She mentioned it was difficult to make the event a full day due to lack of participation. Youth commissioners thought that we would keep the same schedule except add a mock trial for the 2<sup>nd</sup> half of the day which will allow participating youth to

work on a city issue and find a solution. Vice Chair Jared Lubas suggested we start thinking about getting food donations, a venue to host lunch and mock trial location (either city council chambers or School Committee chambers. Last year about 12-15 students participated in SGD. We want to be able to get information out to potential participants as soon as possible. Flyers will be made and other members will get necessary information prior to the next meeting.

### **City Council Meetings:**

Youth Commission Chair, Nick Angeramo at the last meeting mentioned to all commissioners that we should start thinking about attend council meetings which are held the 2<sup>nd</sup> and 4<sup>th</sup> Thursday of every month. It was suggested that a list of all the remaining meetings go out in list form which will allow commissioners to sign up for at least one meeting and attend for an hour. Other suggestions were made to have it be mandatory for SYC members to attend and bring back feedback to the meeting. Members will be required to get a form signed to get credit for attending the meetings.
