#259 – MAYOR’S UPDATE ON COVID-19

The following communication from the Mayor was received and filed.

May 14, 2020

Honorable Salem City Council
Salem City Hall
Salem, Massachusetts 01970

Ladies and Gentlemen of the City Council:

Our Health Agent David Greenbaum and I would like to request the opportunity to address you at your meeting of May 14th to provide the public and the City Council with an update on the City’s response to the COVID-19 outbreak. Thank you.

Very truly yours,

Kimberley Driscoll
Mayor
City of Salem

During this presentation the Mayor shared a presentation with the Council. David Greenbaum’s updated included 508 confirmed cases in Salem of those 303 are still active or under investigation and 205 have cleared isolation. There have been 24 deaths to date. We are trending in the right direction. The active cases are declining and cleared isolation cases are increasing. The Mayor also spoke about the upcoming budget. She showed revenue comparisons from April of 2019 vs April 2020. Receipts are down 84% or over half million loss which does not include meals, hotel or cannabis taxes. Post Covid budget implications are very severe. The City has partnered with Wal-Mart for a testing site. This is for essential employees and first responders just need to call for an appointment. Other stand up sites are being worked on like 27 Charter Street. Places that have common areas. This testing is being done to curb the spread of this virus. The Mayor has made a presentation to the State’s Reopening Advisory Board. The reopening steps are grounded in science and data. Equity is important not just the big stores but the small mom and pop stores. Need Health and Welfare with a finger on health. Looking to re-open City Hall. Will start discussions on May 18th and push remote working. We will reopen on a date that makes sense – some date in June. Spoke about beaches. David Greenbaum defined face coverings are to be used indoors, in essential businesses and you cannot maintain 6 feet of separation, except children under 2 or others with medical conditions.

Council Turiel asked about using SSU for the Drive-In. It would be a better location than Winter Island. He also suggests neck gaiters and asked if there were any anti-body testing being done or sites to go to.

The Mayor and David Greenbaum stated it is being worked on and progress made but not there yet right now focused on Covid testing and then antibodies.

Councillor Dominguez asked as we prepare to open is the City planning to have any announcements regarding social distancing.

The Mayor responded yes. This will be with us for a long time. Don't think a lot will be opened on the 18th. We are still calling seniors and putting it on social media. Dave Greenbaum added that temporary signs are going up this weekend. The signs will be in multiple languages and at public places.

Councillor Dibble asked if the Mayor can share numbers ahead of time and asked the Health Agent if there is any other advice he can give. He's concerned the seniors are wearing the same paper masks. Would Vitamin D help and washing sneakers with bleach? He also asked about opening the golf course before June 1st to get revenue.

David Greenbaum stated face coverings does not have to be a surgical mask or N95 those should be saved for first responders; any type of scarf can be used. UV Rays does kill viruses but not sure how long it takes. You can keep sneakers cleaned with sanitizing wipes. The numbers at North Shore Medical Center are declining. The numbers given earlier are only for Salem residents; hospital services are for a region.

The Mayor added that they speak with Dr. Dave Roberts, President of NSMC twice a week and he did a video for the community and NSMC. The Mayor also added that the City posts #s and graphics on website every day. She also stated that the Golf Course is closed due to the Emergency Order. In the mean time we are working on golf paths. Not ready to play safe yet. June 1st would be the latest date.

**#260 – ACCEPTANCE OF STREETS: CEDARCREST ROAD, INTERVALE ROAD
AND DEFRANCISCO AVENUE**

The following Order introduced by Councillor Dibble was adopted.

ORDERED: That the City Engineer, City Solicitor and City Clerk shall work cooperatively to prepare the necessary plans and orders and schedule a public hearing before the City Council as soon as practicable for the proper acceptance of the following streets: Cedarcrest Road, Intervale Road and DeFrancisco Avenue.

#266 – PLANNING BOARD RECOMMENDATION RELATIVE TO TWO ZONING ORDINANCES REGARDING ACCESSORY DWELLING UNITS

The following communication from the Planning Board was received and filed.

Communication from the Planning Board regarding the zoning ordinance amendment below relative to Sec. 3.1 (Table of Principal and Accessory Uses) regarding Accessory Dwelling Units.

Report to City Council

May 11, 2020

At its meeting on May 8, 2020 the Planning Board voted seven (7) in favor (Ben Anderson, Matt Veno, Carole Hamilton, Helen Sides, Kirt Rieder, Noah Koretz, Matt Smith, and DJ Napolitano) and none opposed to recommend that the City Council approve the amendment relative to

Section 3.1 (Table of Principal and Accessory Uses) by deleting the “Accessory Living Area” Accessory Use in its entirety and inserting an “Accessory Dwelling Unit” Accessory Use in the RC, R1, R2 and R3 zoning districts as follows:

E. ACCESSORY USES	RC	R1	R2	R3	B1	B2	B4	B5	I	BPD	NRCC
Accessory Dwelling Unit	Y	Y	Y	Y	N	N	N	N	N	N	-

At the same meeting, the Planning Board voted seven (7) in favor (Ben Anderson, Matt Venio, Carole Hamilton, Helen Sides, Kirt Rieder, Noah Koretz, Matt Smith, and DJ Napolitano) and none opposed to recommend that the City Council approve the amendment relative to Section 10 (Definitions), Section 3.2.8 and Section 3.2.4 with the suggested edits from Staff that were presented at joint public hearing on April 13, 2020, in addition to recommended revisions to Sections 10 and 3.2.8 that are summarized below and shown as highlighted text in the enclosed supplemental ordinance.

Section 3.2.8

The Planning Board recommends the ordinance be clarified to state there shall not be a net loss in the *total measured caliper* of private trees. Thus, “*total measured*” is added to sections 3.2.8 (4.E and 6.B).

The Planning Board discussed the suggestion to require a special permit for additions and new detached structures. Rather than requiring all additions to require a special permit, the Planning Board recommends an addition to a principal home to accommodate an accessory dwelling unit be allowed by right, just as an addition to a principal home is allowed by right. The Planning Board also recommends that accessory dwelling units be allowed by right within an *existing* unattached structure.

However, the Planning Board recommends that *new* unattached structures and *additions to existing* unattached structures be treated differently, as a method to mitigate the R1 neighborhood concerns that came up during public comment. To that end, the Planning Board recommends that a special permit be required when an *addition is proposed to an existing* detached structure to accommodate an accessory dwelling unit and that accessory dwelling units not be allowed in *new* detached structures.

Sections 10 and 3.2.8 (4.E; 4.F; and 6.D) have been added to the ordinance to capture the above requirements.

CITY OF SALEM
MAY 14, 2020
CITY COUNCIL REGULAR MEETING

Section 10:

“Accessory dwelling unit: A housekeeping unit, with its own sleeping, cooking and sanitary facilities, located *either in an existing unattached accessory structure, or* within or attached to a principal dwelling and subordinate in size to the principal unit(s), separated from it in a manner which maintains the appearance of the principal unit(s), and allowed pursuant to Section 3.2.8 of this ordinance”

Section 3.2.8

4.E. The accessory dwelling unit shall not be constructed within a new detached structure.

4.F. The accessory dwelling unit shall be within or attached to the principal dwelling, or within an existing unattached accessory structure unless otherwise waived pursuant to sub-section 6 of Section 3.2.8.

6.D. The Zoning Board of Appeals may grant a waiver to allow an existing unattached accessory structure to be expanded to accommodate the accessory dwelling unit.

The Planning Board made it clear that if there is an addition to either the principal dwelling or the accessory structure to accommodate the ADU, the required setbacks must be met. No further language was added to the effect because it is covered under section 3.2.4(4) and 3.2.4(5).

If you have any questions regarding this matter, please feel free to contact Tom Daniel, AICP, Director of Planning & Community Development, at 978-619-5685.

Yours truly,
Ben J. Anderson Chairman
CC: Ilene Simons, City Clerk

of design flexibility and overall project quality, and upon a finding of consistency of such variation with the overall purpose and objectives of the accessory dwelling unit ordinance.

- A. Notwithstanding anything to the contrary herein, the minimum required amount of parking may be waived if the Zoning Board of Appeals finds it is impractical to meet the parking standards and that such waivers are appropriate by reason that it will not result in or worsen parking problems in or in proximity to the Project, and upon demonstration to the reasonable satisfaction of the Zoning Board of Appeals that a lesser amount of parking will provide positive environmental or other benefits, taking into consideration:
 1. The availability of surplus off-street parking in the vicinity of the use being served
 2. The proximity to public transportation;
 3. The availability of public or commercial parking facilities in the vicinity of the accessory dwelling unit;
 4. The impact of the parking requirement on the physical environment of the affected lot or the adjacent lots including reduction in green space, destruction of significant existing trees and other vegetation, destruction of existing dwelling units, or loss of pedestrian amenities along public ways; and
 5. Such other factors as may be considered by the Zoning Board of Appeals.
 - B. The Zoning Board of Appeals may grant a waiver to allow a net loss in the **total measured** caliper of trees on the lot in which the accessory dwelling unit will be located taking into consideration the species of the tree, health of the tree, whether a replacement tree will be planted on another property or if a contribution to the tree replacement fund will be provided.
 - C. The Zoning Board of Appeals may grant a waiver to allow the accessory dwelling unit to exceed 800 square feet of habitable space, up to a maximum of 1,000 square feet, taking into consideration peculiarities of the layout of the principal dwelling.
 - D. **The Zoning Board of Appeals may grant a waiver to allow an existing unattached accessory structure to be expanded to accommodate the accessory dwelling unit.**
7. Termination.
8. The accessory living unit use shall terminate immediately upon any violation of any term or condition of this ordinance or of the Special Permit that the owner fails to cure, upon two (2) weeks written notice mailed to the applicant and to the occupants at the dwelling address by certified mail, return receipt requested.
- A. Duty of Owner Upon Termination include:
 - a. The owner shall discontinue the use of the accessory dwelling unit as a separate dwelling unit.
