

Essex Street Utility Project

Two Week Look Ahead: November 27th – December 4th

General Project Information:

- Project work hours: 7am – 3:30pm for day work (sewer and drain)
10pm – 6am for night work (water valve work)
- Due to the nature of the work, street closures will be required. Detour signage, with police details, will be in place for traffic management. Sidewalks (or at least one sidewalk) will remain open and accessible wherever possible. Entrances to buildings and adjacent roads may be impacted during the construction. Parking will not be allowed on either side of the road at or near the work zone. Roads will be open during non-working hours for traffic and parking.

Projected Construction Activities:

Week of November 27 th	<ul style="list-style-type: none">• The Contractor will mobilize to Essex Street on November 28th• The Contractor will excavate a test pit on Essex Street at North/Summer to gain access to existing sewer pipe for tv inspection and further investigations.• Every attempt will be made to keep traffic open on Essex Street during this activity; however, a closure and detours may be necessary.• Work will take place during the day, 7 am to 3:30 pm
Week of December 4 th	<ul style="list-style-type: none">• The Contractor will begin water valve replacement between North/Summer and Crombie/Sewall intersections• Work will take place during the night, 10 pm to 6 am.• Traffic Detours will be required

Issue Date: November 27, 2017
