Honorable Salem City Council  
Salem City Hall  
Salem, Massachusetts 01970

Ladies and Gentlemen of the City Council:

As you may recall, during the FY2020 budget-setting process the City implemented a number of measures to help reduce expenses in order to better meet a projected revenue shortfall we anticipated due to the growing COVID-19 pandemic. These measures included drawing down a portion of our reserve fund, not filling vacant positions, cutting certain expenses, and furloughing City employees for periods of time.

Over the last few months our Finance Department has worked closely with DOR and each department to better understand how our local aid levels for the current fiscal year intersect with the personnel line for each department following those furloughs. Based on the level-funded local aid amounts we have received, we are now proposing to make whole those employees who took furloughs during the height of the pandemic this past year. We are able to do so by drawing on the free cash available to us due to the higher than anticipated local aid provided by the state. In other words, this measure will not cost Salem taxpayers additional money, but it will restore our dedicated public employees to their intended level-pay amount for this current fiscal year.

I recommend adoption of the enclosed Order and invite you to reach out to Laurie Giardella and Lisa Cammarata should you have any questions regarding it. Salem residents should be proud of the way their public servants conducted themselves during the pandemic, with many of our employees taking on even more work and responsibilities as a result of COVID-19, while simultaneously being compensated less. I hope you will agree that, now that we are able to do so in a financially prudent manner, we have a responsibility to them to make them whole.

Sincerely,

Kimberley Driscoll  
Mayor  
City of Salem

RE: Transfer/Raise/Supplemental appropriations

Dear Mayor Driscoll:

Attached is a Council Order requesting a transfer from the stabilization fund to increase appropriation to the FY2021 budget. The total transfer and request for appropriation is One Million One Hundred Thirty-Five Thousand, Eight Hundred Seventy-Two dollars (\$1,135,872.00) to the General fund and Ten Thousand Five Hundred dollars (\$10,500.00) to the Water/Sewer/Trash Enterprise Funds. These funds will be replenished upon certified free cash. As you are aware, in the spring of 2020, when setting the FY2021 Budget, the State Cherry Sheet Revenues and local aid receipts were projected to be lower by 10-50% of the prior year due to the COVID 19 Pandemic. These revenue projections were based on communications with our local legislators and information coming from the Governor's office. Thankfully, the State Cherry Sheet Revenues including Chapter 70 were level funded instead of cut. This resulted in a \$4.9 million positive difference which resulted in the reduced need to access available reserves. The following is a list of supplemental budget increases to be recommended to the City Council:

## **General Fund:**

- \$ 89,800.00 – Municipal Departments - restores \$'s for 14-hour furlough budget cuts.
- \$ 852,093.00 – School Department - restores \$'s for furlough budget cuts.
- \$ 5,636.00 – City Clerk – Adjust Maureen Davis to Actual Payroll
- \$ 9,000.00 – Human Resources – Adjust Education Training to level fund from Prior Year.
- \$ 11,805.00 – Treasurer – Adjust to Actual Salary
- \$ 14,820.00 – Parking Dept – restores a part-time position that was vacant when the budget was submitted.
- \$ 17,118.00 – Library – restores payroll to cover part-time cuts and additional furloughs.
- \$ 2,000.00 – Parks and Recreation – restores parks maintenance.
- \$ 18,600.00 – Planning – restore payroll reductions due to retirements.
- \$ 115,000.00 – Public Services Department - Tree, Planting, Removal and Maintenance – restores tree expenses to level funding

## **Water/Sewer/Trash Enterprise Funds:**

- \$ 10,500.00 – Enterprise Departments - restores \$'s for 14-hour furlough budget cuts.

# CITY OF SALEM

In City Council,

Ordered:

April 22, 2021

That the sum of One Million, One Hundred Thirty-Five Thousand, Eight Hundred and Seventy-Two Dollars (\$1,135,372.00) is hereby transferred and appropriated from the "Stabilization Fund" to the General Fund Various Accounts to replenish cuts made in anticipation of COVID 19 in accordance with the recommendation of Her Honor the Mayor.

**General Fund:**

- \$ 89,800.00 – Municipal Departments - restores \$'s for 14-hour furlough budget cuts.
- \$ 852,093.00 – School Department - restores \$'s for furlough budget cuts.

Ladies and Gentlemen of the City Council:

I am pleased to appoint Ms. Allie Shvonski of 52 Northey Street to the Salem Cultural Council for a three-year term to expire April 8, 2024. This letter is being sent for informational purposes as no City Council confirmation is required.

Ms. Shvonski recently moved to Salem and serves as the Director of Communications and Strategic Initiatives for the Town of Swampscott. Prior to that she served in a number of roles related to promoting arts and culture, including as the Programs Director for the Coalition for Arts, Culture, and a Healthy Economy in Medford, administrator for the New England Foundation for the Art, and communications manager for Emmanuel Music in Boston. Ms. Shvonski served on the Medford Cultural Council from 2014 to 2016 and earned her Master's degree in Arts, Community, and Education from Lesley University, during which she interned with the Cultural Organization of Lowell.

We are fortunate that Ms. Shvonski is willing to serve our community in this important role and lend her dedication and expertise to Cultural Council and its work.

Sincerely,

Ladies and Gentlemen of the City Council:

The enclosed Resolution recognizes and celebrates the dedication and hard work of the hundreds of Salem residents who serve on Salem's municipal boards, commissions, committees, and task forces.

We are truly fortunate to have this incredible team of almost entirely volunteer board members, providing their time and perspectives to help ensure Salem is a community that works for and welcomes everyone. Our continued success, well-managed growth, and professional approach to City planning and operations in so many areas are largely thanks to these volunteers' input and decisions. Many are leaders in their fields, including a fair number whom we would never be able to afford to hire; Salem is privileged to benefit from their expertise in these volunteer roles.

During the COVID-19 pandemic especially, service on these boards has been challenging. Pivoting to remote participation and virtual meetings required an enormous amount of patience and a willingness to learn an entirely new set of skills. Salem's board members did just that, however, and still managed to keep the pace of their work and deliberations on track and on target.

Please join me in thanking these individuals for their tireless efforts and the countless hours they have devoted to making Salem a better community for us all.

Sincerely,

Kimberley Driscoll

## **Resolution**

### **Recognizing the Service of Salem Board & Commission Members**

**WHEREAS:** Salem's many boards, commissions, task forces, and committees are well-served by the more than 200 residents, mostly volunteers, who serve and dedicate their time to the important work of these municipal bodies; and,

**WHEREAS:** Every board and commission in the City has been established pursuant to a relevant statute, ordinance, or the City Charter and is by that imbued with its own authority and area of responsibility, reflective of Salem's well-functioning 185-year-old municipal government; and,

**WHEREAS:** Salem's board and commission members bring a wide variety of skill sets, backgrounds, expertise, and professional credentials to their work; and,

**WHEREAS:** These Salem residents demonstrated enormous flexibility and commitment to the continuity of their deliberations and work during the COVID-19 pandemic; and,

**WHEREAS:** Nearly every Salem board and commission member who requires City Council confirmation of the Mayor's appointment to their role has received it unanimously; and,

**WHEREAS:** The work of Salem's boards and commissions continues to be of critical importance as the City grows and moves forward, including regarding transportation, land use, planning, zoning, housing, accessibility, climate change resilience, public health, education, small business growth, race equity, consumer protection, conservation, historic preservation, and so much more.

**NOW THEREFORE BE IT RESOLVED:** That the Mayor of the City of Salem and the Salem City Council express our sincere appreciation and gratitude to every member of Salem's municipal boards, commissions, task forces, and committees.

**AND BE IT FURTHER RESOLVED:** That this Resolution be made a matter of record of these proceedings, and that the City Clerk prepare and send a suitable copy of this Resolution with a copy of the City Seal on behalf of the Mayor, the City Council, and the residents of Salem to the member of every Salem board, commission, task force, and committee.

Ladies and Gentlemen of the City Council:

I am pleased to appoint Anna E. Freedman to the position of City Finance Director/Auditor, effective on May 3, 2021, to complete the remainder of an unexpired three-year term to conclude January 31, 2023.

Ms. Freedman is an accomplished public finance leader with experience in municipal budgeting, financial forecasts, capital planning, insurance, auditing, and more. She has served as the Chief Financial Officer for the Town of Winthrop since 2018, overseeing that community's \$64 million annual budget, long-term capital planning, overhauls of both IT and payroll and internal control processes, supervision of treasurer, collector, accounts payable, auditing, and assessing departments, and the development of business solutions to improve municipal service delivery. Prior to her work in Winthrop, Ms. Freedman served as the lead advisor on financial policy for Office of the State Senate President from 2015, including working as the President's lead on the \$40 billion state budget process annually and leading legislative efforts relative to tax policy, bonding and capital projects, health care finance, transportation finance, and local aid. Before that Ms. Freedman served as first a fiscal policy analyst and later the Assistant Budget Director for the Executive Office for Administration and Finance during the Patrick Administration. Ms. Freedman holds a Bachelor's degree from Hartwick College and earned her Master's in Public Administration from Suffolk University.

I recommend confirmation of Ms. Freedman's appointment and hope you will join me in welcoming her to her new role with the City of Salem.

Ladies and Gentlemen of the City Council:

Enclosed is a request for an appropriation of \$30,000 in free cash in order to properly carry out the update to our local wetlands protection policy. These funds will leverage an additional \$10,000 in funding from the Salem Conservation Commission for this important undertaking.

An updated wetlands protection policy will define clear and consistent standards to support the Conservation Commission's review of projects within wetlands and flood zones. Although the state's Wetlands Protection Act establishes performance standards for activities within wetlands, neither the Act nor Salem's Wetlands Ordinance include such standards for work within buffer zones to these areas. In addition, both the Act and the Ordinance need standards for activities within coastal flood zones.

The Conservation Commission reviews work in buffer zones and coastal flood areas on a case-by-case basis, based on the characteristics of the land and the nature of the project. Updating Salem's local wetlands protection policy is an opportunity to define more clear standards to guide the Commission's review of projects that impact these areas. An updated policy will also assist applicants and members of the public as projects are being reviewed.

Staff in the Department of Planning and Community Development have convened a working group to develop this new policy in a thoughtful manner. This working group has identified the need for the services of a wetlands specialist to assist in drafting a policy that will be informed by sound science, promotes best practices, and is legally enforceable. In addition, a specialist will help communicate technical matters at public forums in a way that solicits meaningful input from stakeholders with a wide diversity of familiarity with wetlands policy and conservation law. I request approval of the enclosed Order and invite you to contact Tom Devine if you have any questions regarding it.

Enclosed is an Order authorizing submission of the City's *Application for Federal Assistance* to the U. S. Department of Housing & Urban Development (HUD) for Community Development Block Grant (CDBG) funds for the period of July 1, 2021 through June 30, 2022. For FY22, Salem's CDBG entitlement is \$1,082,754. In 2020, the City completed its 5-Year Consolidated Plan, outlining Salem's housing, economic and community development needs and funding priorities. In order to receive Federal funds, the City is required to develop Annual Action Plans which put into action the goals and strategies established in the Consolidated Plan.

For the FY22 Action Plan, the process began with a virtual public hearing which held on January 21, 2021, along with the issuance of a request for funding proposals from agencies to provide housing, economic development and public service programs, and from municipal departments for infrastructure and public facilities improvements. The Draft FY22 Action Plan describes the proposed activities to be undertaken during the upcoming fiscal year. A link to the plan was emailed to you on April 8, 2021. As part of the formal public review process, a 30-day public comment period commenced on April 9th and a virtual public hearing is scheduled for April 29th.

I recommend approval of the application so that it can be transmitted to HUD in a timely manner. Tom Daniel and Jane Guy are available to answer any questions you may have.

Kimberley Driscoll  
Mayor

Office of the Mayor

April 22, 2021

Honorable Salem City Council  
Salem City Hall  
Salem, Massachusetts 01970

Ladies and Gentlemen of the City Council:

The month of April is observed nationwide as Fair Housing Month, in commemoration of the passage of the Fair Housing Act on April 11, 1968. This historic legislation prohibits discrimination in housing on the basis of race, color, religion, sex, disability, familial status, sexual orientation, gender identity, and national origin.

The enclosed resolution celebrates the 53<sup>rd</sup> anniversary of the Fair Housing Act by declaring the month of April to be Fair Housing Month. I invite you to join with me in proclaiming this month as a celebration of this landmark equal rights and anti-discrimination Act, and in full recognition of the great amount of work still to be done on this front.

Fair and equal access to housing is more than just a federal right; it is a moral necessity. What is more, it strengthens our communities by ensuring that all are equally welcome and able to benefit from the personal, economic, and health-related benefits that come from being securely and sufficiently housed. We know there is still more to do to help make housing affordable and available to all, but together, with the Fair Housing Act as a starting point – not a final goal – I believe we can accomplish this shared vision for our community.

Sincerely,

Kimberley Driscoll  
Mayor  
City of Salem

## **Resolution**

### **Proclaiming Fair Housing Month in Salem**

**WHEREAS:** The Fair Housing Act, enacted on April 11, 1968, enshrined into federal law the goal of eliminating racial segregation and ending housing discrimination in the United States; and

**WHEREAS:** The Fair Housing Act prohibits discrimination in housing based on race, color, religion, sex, familial status, national origin, and disability, and commits recipients of federal funding to affirmatively further fair housing in their communities; and

**WHEREAS:** The City of Salem is committed to the mission and intent of the Fair Housing Act to provide fair and equal housing opportunities for all; and

**WHEREAS:** Our social fabric, economy, health, and environment are all strengthened by ensuring diverse and inclusive communities where all residents are housing secure; and

**WHEREAS:** While progress has been made in many respects, more than 50 years after the passage of the Fair Housing Act, housing discrimination still persists and far too many neighborhoods and communities remain segregated either by policy or by tradition; and

**WHEREAS:** Acts of housing discrimination and barriers to equal housing opportunity are inconsistent with our common goals of equity, security, and fairness for all.

**NOW THEREFORE BE IT RESOLVED:** That the Mayor and City Council of Salem do hereby declare the month of April for this year and all years henceforth to be **Fair Housing Month** in the City of Salem, Massachusetts, as a demonstration of our community's commitment to inclusivity and support for equal housing opportunities for all residents and prospective residents of our City.

Honorable Salem City Council  
Salem City Hall  
Salem, Massachusetts 01970

Ladies and Gentlemen of the City Council:

The enclosed Ordinance amends our Code to replace instances of gendered pronouns or language with gender-neutral alternatives. This measure is an outgrowth of a discussion initiated by myself and Councillor Madore before the COVID-19 pandemic, as well as a Council committee meeting on the matter in 2019, but I still believe it is a worthwhile reform to pursue. Also enclosed is a one-page summary of the changes and a tracked changes version of one section of the Code to illustrate how these changes will read when implemented.

Use of gendered language in Codes, Charters, bylaws, and laws is not unique to Salem, however there is a responsibility for us to identify those instances in our own local laws and alter them to ensure our Code is more inclusive and reflective of the people who live and work in our City. The enclosed Ordinance replaces 619 instances of gendered word choice with a gender-neutral alternative in both the General Code and the Traffic Code. Not included in this measure are the 48 instances of gender-specific language in the City Charter, 25 in the Council Rules, and 26 in the Zoning Code. Those documents require additional steps to amend, which will take additional time and collaboration with the Council and Planning Board to undertake.

In the meantime, the enclosed Ordinance corrects 86% of the instances of gender-specific verbiage in our Code. In many instances it was enough to replace a gendered pronoun with the title of the referenced individual, where in other cases the more widely applicable "they/them" construction was necessary. I recommend adoption of the enclosed Ordinance as a first step to correcting our Code's language and making it more inclusive of all our residents and employees.

Sincerely,

Kimberley Driscoll  
Mayor  
City of Salem

## **CITY OF SALEM, MASSACHUSETTS**

**Kimberley Driscoll  
Mayor**

**Office of the Mayor**

April 22, 2021

Honorable Salem City Council  
Salem City Hall  
Salem, Massachusetts 01970

Ladies and Gentlemen of the City Council:

In July the Massachusetts Department of Energy Resources launched a new financing program for property owners called the Property Assessed Clean Energy (PACE) program, which provides funding for energy improvement projects on commercial and industrial buildings, multifamily properties with five or more units, and buildings owned by nonprofits.

Under this program, the property owner accepts a betterment assessment and lien on their property, which serves to repay their financing for clean and renewable energy improvements on the property. If the property is sold, the assessment stays with the property and is transferred to subsequent property owners.

There is no cost, liability, or responsibility to the municipality to allow PACE projects in their community. However, in order to allow Salem property owners to participate in the program, state law requires a one-time vote by the City Council. To date, 41 other cities and towns in Massachusetts have accepted the provisions of the PACE program. This tool allows property owners to fund major improvements more readily, including energy efficiency upgrades and renewable energy projects.

The PACE program has benefits for property owners, for capital providers, and for the municipality. For the property owner, they gain advantageous, long-term, upfront financing to carry out capital projects that are likely to reduce their operating costs and increase their property values. Capital providers can realize reduced risk from lower operating costs due to financing that cannot be accelerated, as well as the increased collateral property value from the capital improvements. Lastly, the City benefits from job creation, business growth, an expansion of the tax base by increasing the property's value, and the environmental and sustainability benefits realized from the reduced energy consumption of the property.

I recommend adoption of the enclosed resolution so that Salem's property owners can take advantage of this innovative new clean energy and green building program from the state. We see this measure as an important tool in our efforts to meet our climate change and sustainability goals.

Should you have any questions, please feel free to contact Jenna Ide and, should this matter be referred to committee, we would be happy to extend an invitation to the applicable state agency staff to attend and answer any questions.

Sincerely,

**Resolution Authorizing the City of Salem to Participate in the Massachusetts Commercial Property Assessed Clean Energy Program (PACE Massachusetts)**

**WHEREAS**, pursuant to M.G.L. c. 23M, as amended (the “PACE Act”), the Commonwealth has established a commercial sustainable energy program known as the Massachusetts Property Assessed Clean Energy Program (“PACE Massachusetts”) to provide a financing mechanism (“PACE financing”) to private owners of commercial and industrial properties for certain qualifying commercial energy improvements (“improvements”); and

**WHEREAS**, pursuant to the PACE Act, PACE Massachusetts is administered by the Massachusetts Development Finance Agency (“MassDevelopment”), in consultation with the Massachusetts Department of Energy Resources; and

**WHEREAS**, under PACE Massachusetts, the owner of the commercial or industrial property benefitting from the improvements (the “benefitted property”) is required to repay the PACE financing through the payment of a betterment assessment (a “PACE betterment assessment”) placed on such benefitted property by the municipality in which the benefitted property is located; and

**WHEREAS**, in order for an owner of commercial or industrial property to participate in PACE Massachusetts, Section 2 of the PACE Act requires that the municipality in which such property is located must elect to participate in PACE Massachusetts; and

**WHEREAS**, the City of Salem (the “Municipality”) has determined that it is in the best interest of the Municipality to participate in PACE Massachusetts as a “participating municipality,” as provided in the PACE Act, to permit the owners of commercial and industrial properties located in the Municipality to access PACE financing for qualifying commercial energy improvements through PACE Massachusetts;

**WHEREAS, NOW THEREFORE, BE IT [VOTED/RESOLVED], as follows:**

The City Council of the City of Salem, with the approval of the Mayor, hereby approves the Municipality participating in PACE Massachusetts pursuant to the PACE Act, and authorizes the [Mayor/Town Manager] to enter into a PACE Massachusetts Municipal Assessment and Assignment Agreement (the “Agreement”) with MassDevelopment, pursuant to which the Municipality will agree to (i) levy PACE betterment assessments and impose PACE betterment assessment liens on benefitted properties located in the Municipality, in the amounts determined by MassDevelopment to be sufficient to repay the PACE financing, (ii) assign the PACE betterment assessment liens to MassDevelopment, which MassDevelopment may in turn assign to the providers of the PACE financing (each a “capital provider”), as collateral for such PACE financing, (iii) include on the property tax bills for the benefitted properties the installment payments necessary to repay the PACE betterment assessments, in the amounts and at the times as determined by MassDevelopment, (iv) collect and pay over to MassDevelopment or its designee, the PACE betterment assessment installment payments, as and when collected, and (v) enforce, to the extent required by the Agreement, the PACE betterment assessments and liens; the Agreement to be substantially in the form presented to this meeting, with such changes, modifications and insertions as the [Mayor/Town Manager] may approve as being in the best interest of the Municipality. The Collector Treasurer of the City/Town or such other City/Town agency as may be designated in the Agreement is authorized to levy such PACE betterment assessments and impose the PACE betterment assessment liens on behalf of the City/Town without further authorization by this legislative body.

Notwithstanding any other provision of law to the contrary, officers and officials of the Municipality, including, without limitation, municipal tax assessors and tax collectors, are not personally liable to MassDevelopment or to any other person for claims, of whatever kind or nature, under or related to PACE Massachusetts, including, without limitation, claims for or related to uncollected PACE betterment assessments. Other than fulfillment of the obligations specified in the Agreement, the Municipality has no liability to the owner of the benefitted property or to any capital provider related to the Municipality's participation in PACE Massachusetts.

Honorable Salem City Council  
Salem City Hall  
Salem, Massachusetts 01970

Ladies and Gentlemen of the City Council:

I am pleased to join with the members of the Salem Historical Commission in submitting to you the enclosed amendment to our existing demolition delay ordinance.

As you may be aware, our current ordinance relative to the demolition of historic structures dates from 1986 and is great need of updating. Over the last several weeks a working group of preservation partners, City staff, and Commission members have worked to develop a more updated and sensible approach to demolition approvals.

Our existing ordinance allows for a six-month delay in demolishing a structure 50 years of age or older that is found to be historically significant; additionally, the timeframe starts from the date of application. Under the new ordinance, the delay period would be doubled, to 12 months, and the window of time would not start until the Historical Commission's hearing date. The ordinance also makes other important changes, including specifying the conditions that applicants must meet in order for the Commission to lift the delay, as well as other technical corrections.

This measure would allow for the temporary postponement of demolition of historically significant structures, creating additional time for the Commission, City staff, and preservation specialists to work with property owners and builders to identify alternatives to demolition, including rehabilitation or adaptive reuse options that could preserve and save these historic buildings. At six months long, Salem's demolition delay period is shorter than most others on the North Shore, creating a disincentive for property owners to consider these preservation options and making it far too easy for them to simply wait the abbreviated time period and then demolish the structure.

The enclosed fact sheet has been put together by staff to help outline the key points of the ordinance and explain why it is necessary.

I recommend adoption of the enclosed ordinance and welcome the opportunity to meet with you to discuss it in greater detail. When the Council committee meeting is scheduled, I encourage you to invite the members of the Historical Commission, along with our Historic Preservation Planner Patti Kelleher, Director of Planning Tom Daniel, City Solicitor Beth Rennard, and Building Inspector Tom St. Pierre.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim Driscoll". The signature is fluid and cursive, with the first name "Kim" and last name "Driscoll" clearly distinguishable.

*In the year Two Thousand Twenty-one*

*An Ordinance* to amend an ordinance relative to demolition delay.

*Be it ordained by the City Council of the City of Salem, as follows:*

***Section I.*** The Salem Code of Ordinances is hereby amended by deleting in its entirety Section 2-1572 of Chapter 2 entitled *Review process for granting demolition permits for historic buildings or structures* and inserting the following new Division within Article II. *Maintenance of Structures and Property* of Chapter 12 Building, Electricity and Plumbing Regulations:

## **“Division 4. Demolition Review for Historically Significant Buildings**

### **Sec. 12-76. INTENT AND PURPOSE**

This Demolition Delay Ordinance is intended to establish a uniform process for preserving and protecting significant buildings and structures in the City that constitute or reflect distinctive features of the architectural, cultural, political, or social history of the City; to encourage owners of these buildings to actively seek out alternatives that preserve, rehabilitate, relocate or restore these buildings rather than demolish them; and to provide a reasonable time period for public discussion before a historic building is lost. The ordinance further seeks to document those buildings that cannot be saved through photographic, video and/or written materials and to preserve those materials as part of the public record.

The intent of this ordinance is not to permanently prevent demolition, but rather to provide an opportunity to develop preservation solutions for properties threatened with demolition.

### **Sec. 12-77. DEFINITIONS**

“APPLICANT” - Any person or entity who files an application for a demolition permit. If the applicant is not the owner of the premises upon which the building is situated, the owner must indicate on or with the application his/her assent to the filing of the application.

“APPLICATION” - An application for the demolition of a building.

“BUILDING” – Any combination of materials forming a shelter for persons, animals, or property.

“BUILDING COMMISSIONER” - The person occupying the office of Director of Inspectional Services or otherwise authorized to issue demolition permits.

“BUSINESS DAY” – A day which is not a legal municipal holiday, Saturday or Sunday.

“COMMISSION” – The Salem Historical Commission or its designee.

“COMMISSION STAFF” – The person regularly providing staff services for the Commission whom the Commission has designated Commission Staff for the purposes of this ordinance.

“DEMOLITION” - Any act of pulling down, destroying, removing, dismantling or razing of an entire building or the removal of 50% or more of the existing structure of the building with the intent of completing the same.

“DEMOLITION PERMIT” - The building permit issued by the Building Commissioner for a demolition of a building, excluding a building permit issued solely for the demolition of the interior of a building.

“LOCAL HISTORIC DISTRICT” – Derby Street Local Historic District, Lafayette Street Local Historic District, McIntire Local Historic District, Washington Square Local Historic District or any other historic district which from time to time may be established under M.G.L. Ch. 40C.

“PREFERABLY PRESERVED” - Any significant building that the Commission determines, following a public hearing, that it is in the public interest to be preserved rather than demolished. A preferably preserved building is subject to the twelve month demolition delay period of this ordinance. The twelve month delay begins with the opening of the public hearing.

“SIGNIFICANT BUILDING” – Any building within the city that is in whole or in part fifty years or more old and which has been determined by the Commission or its designee to be in the public interest to be significant based on any of the following criteria:

- The Building is listed in, or is within an area listed in, the National Register of Historic Places; or
- The Building has been found eligible for the National Register of Historic Places; or
- The Building is importantly associated with one or more historic persons or events, or with the broad architectural, cultural, political, economic or social history of the City of the Commonwealth; or
- The Building is historically or architecturally important (in terms of period, style, method of building construction or association with a recognized architect or builder) either by itself or as one of a series of like buildings that document an historical period.

## **Sec. 12-78. PROCEDURE AND ADMINISTRATION**

a) Applicability. No demolition permit for a building that is in whole or in part 50 years or more old shall be issued without following the provisions of this ordinance. If a building is of undetermined age, it shall be assumed that the building is over 50 years old for the purposes of this ordinance.

For a residential garage or storage shed, but excluding carriage houses as defined in the zoning ordinance, section II.B, the Building Commissioner shall forward an application for demolition of such a structure to the Commission. Within 21 days of the receipt of such a request, the Commission shall make a determination of the historical or architectural significance of the garage or shed. If the structure is deemed significant, the application shall be forwarded to the full Commission for review as outlined in this section. If the structure is deemed to possess no historic or architectural significance or if no action is taken within the 21-day period, a demolition permit shall be issued.

b) Administration. The Commission may adopt such rules and regulations as are necessary to administer the terms of this ordinance; adopt a schedule of reasonable fees to cover the costs associated with the administration of this ordinance; and may delegate authority to make initial determinations of significance to one or more members of the Commission or to a municipal employee.

#### **Sec. 12-79. APPLICATION**

An applicant proposing to demolish a building subject to this ordinance shall file an application with the Historical Commission. The application shall be made or co-signed by the owner of record at the time of Application and shall contain or be accompanied by the following information:

- The address of the building to be demolished.
- The owner's name, address, and telephone number.
- Existing conditions photographs of all street façade elevations of the building.
- A description of the building to be demolished.
- The reason for requesting a demolition permit.
- If the application for demolition is based on a claim of structural deficiency, the applicant may be required by the Commission to submit a structural report on the structure's soundness that is prepared by a licensed professional structural engineer.
- A brief description of the proposed reuse, reconstruction, or replacement.
- Site plan and/or map of property.

#### **Sec. 12-80. PUBLIC HEARING**

Within thirty (30) days of the receipt of the Application by the Commission, the Commission shall hold a public hearing. Public notice of the time, place and purpose of the hearing shall be posted in a conspicuous place in City Hall for a period of not less than 14 days prior to the date of said hearing and the Applicant and the Building Commissioner shall be notified in writing of the meeting time and place. The notice shall also be placed on the City's online meeting calendar 14 days prior to the hearing. A copy of said notice shall be mailed to the Applicant and to all abutters and abutters to abutters, including those across the street of the lot on which the building is located.

During the public hearing, the Commission shall decide whether the building is historically significant. If agreed to in writing by the Applicant, the determination of the Commission may be postponed.

Upon determination by the Commission that the building is not significant, the Commission shall so notify the Building Commissioner and the applicant in writing. The Building Commissioner may then issue the demolition permit.

Upon determination by the Commission that the building is significant, the Commission shall determine whether the building should be preferably preserved.

If the Commission determines that the building is not preferably preserved, the Commission shall so notify the Building Commissioner and Applicant in writing. The Building Commissioner may then issue the demolition permit.

If the Commission determines that the building is preferably preserved, the Commission shall notify the Building Commissioner and Applicant in writing. No demolition permit may then be issued for a period of 12 months from the date of the public hearing unless otherwise agreed to by the Commission. If the Commission does not so notify the Building Commissioner in writing within 21 days of the public hearing, the Building Commissioner may issue the demolition permit.

Upon determination by the Commission that any building which is the subject of an application is a preferably preserved building, no building permit for new construction or alterations on the premises shall be issued for a period of twelve months from the date of the public hearing unless otherwise agreed to by the Commission.

The Building Commissioner may issue a demolition permit or a building permit for a preferably preserved building within the 12 months if the Commission notifies the Building Commissioner in writing that the Commission finds that the intent and purpose of this ordinance is served even with the issuance of the demolition permit or the building permit. This may include that the Commission is satisfied that the applicant for the demolition permit has made a bona fide, reasonable and unsuccessful effort to identify alternative plans for demolition, or the applicant has agreed to accept a demolition permit on specified conditions approved by the Commission. Such conditions may include the review and approval by the Commission of a revised set of submitted development plans.

The owner shall be responsible for properly securing the building, if vacant, to the satisfaction of the Building Commissioner. Should the owner fail to secure the building, and as a result, such building is lost through fire or other cause, this shall be considered voluntary demolition for the purposes of this ordinance.

Following the twelve month delay period, the Building Commissioner may issue the demolition permit.

#### **Sec. 12-81. EXPIRATION TIMES FOR DEMOLITION AUTHORIZED BY COMMISSION**

Where the Commission has determined that the demolition of a building *would not* be detrimental to the historical or architectural heritage or resources of Salem, or where 21 days have passed after the date of the Commission's public hearing on a demolition application

without Commission notification of its determination to the Building Commissioner, thereby in either case permitting the Building Commission to issue a demolition permit in accordance with procedures set forth in these regulations, any request to extend such demolition permit or a renewed permit application shall be reviewed *de novo* if the demolition previously authorized is not substantially concluded within one year of the issuance of the demolition permit, or, if no permit has been issued, within one year of the Commission's initial determination

Where the Commission has determined that the demolition of a building *would* be detrimental to the historical or architectural heritage or resources of Salem, hereby preventing the Building Commissioner from issuing a demolition permit in accordance with the procedures set forth in these regulations, such determination shall be reviewed *de novo* if:

- a) A demolition permit application is not submitted to the Building Commissioner within six months of the expiration of the twelve month delay period, or
- b) Application for demolition is so made within six months of the expiration of the twelve month delay period, but actual demolition is not substantially concluded within six months of the issuance of the demolition permit.

Transfer of Ownership – The time limits set forth above apply only to the original owner requesting a demolition permit. Any subsequent owner of the property shall be required to apply *de novo* pursuant to the procedures set forth above and should demolition be delayed, be subject to the time periods set forth herein from the date such new demolition delay is imposed, unless otherwise determined by the Commission.

In implementation of the above, the Commission shall include the applicable expiration date for authorization of the demolition in any notification to the Building Commissioner with a copy to the demolition permit applicant, provided that the Commission Chair may, for cause, grant in writing one or more extensions of time of such authorization for periods not exceeding six months each.

#### **Sec. 12-82. EMERGENCY DEMOLITION**

If after an inspection, the Building Commissioner finds that a building subject to this ordinance is found to pose an immediate threat to public health or safety due to its deteriorated condition and that there is no reasonable alternative to the immediate demolition of the building or structure, nothing in this Ordinance shall prevent the Building Commissioner from issuing, pursuant to statutory authority, an emergency demolition permit to the owner of the building or structure. The Building Commissioner shall then prepare a report explaining the condition of the building and the basis for his decision which shall be immediately forwarded to the Commission.

#### **Sec. 12-83. ENFORCEMENT AND REMEDIES**

The Commission and/or the Building Commissioner are each specifically authorized to institute any and all actions and proceedings, in law or equity, as they may deem necessary and appropriate to obtain compliance with the requirements of this ordinance or to prevent a threatened violation thereof.

Any owner of a building subject to this ordinance that demolishes the building without first obtaining a demolition permit in accordance with the provisions of this ordinance shall be subject to a fine of not more than Three Hundred Dollars. Each day the violation exists shall constitute a separate offense until a faithful recreation of the demolished building is completed or unless otherwise agreed to by the Commission.

**Sec. 12-84. HISTORIC DISTRICT ACT**

Following a determination that the building is significant and preferably preserved, the Commission may recommend to the City Council that the building be protected through the provisions of Massachusetts General Law, Chapter 40C, the Historic Districts Act. The steps required under M.G.L. Chapter 40C shall be followed prior to the establishment of a local historic district. Nothing in this ordinance shall be deemed to conflict with the provisions of the Historic District Act, Massachusetts General Laws Chapter 40C. If any of the provisions of this ordinance do so conflict, that act shall prevail.

**Sec. 12-85. SEVERABILITY**

In case any section, paragraph or part of this ordinance be for any reason declared invalid or unconstitutional by any court, every other section, paragraph, and part shall continue in full force and effect.”

Dear Mayor Driscoll:

I am writing to request acceptance of a generous donation in the amount of \$5,000 to the Public Art Commission from the Peabody Essex Museum in support of mural projects being commissioned by the PAC for the community as part of the City's formal Public Art Collection. These funds have been earmarked to directly support and compensate the artists commissioned for the murals.

We are very grateful to the PEM for this donation, as paying artists a fair and equitable wage for their work, especially during these difficult and trying times, is paramount to ensuring that our creative community not only survives but thrives.

Thank you for your time and consideration of this request.

Ladies and Gentlemen of the City Council:

The enclosed request appropriates \$20,000 from our free cash account to fund a necessary upgrade of our existing voice alarm dispatch system for the Salem Fire Department. The entire cost of this upgrade is \$40,000; however, the department successfully acquired a \$20,000 Firefighter Safety Equipment Grant from the Massachusetts Department of Fire Services to fund half of the upgrade.

As we continue to invest in the capital needs, maintenance, and equipment for the department, we are also investing in the efforts of the men and women of the department to protect lives and property in Salem. I am very grateful to DFS for the grant award that will make this project possible and strongly recommend adopt of this order to provide the remaining 50% of necessary funds to allow it to move forward. If you have any questions, please feel free to contact Acting Chief Alan Dionne.

Honorable Salem City Council  
Salem City Hall  
Salem, Massachusetts 01970

Ladies and Gentlemen of the City Council:

Enclosed herewith is an order to transfer Fifteen Thousand Five Hundred Sixty-Five dollars (\$15,675.00) from Capital Outlay Fund 2000 account to the Department of Public Services' Contracted Services account (14112-5320).

On March 28, a heavy wind storm caused the canopy structure over the gas pumps at the Department of Public Services to collapse. These pumps service our entire municipal and public schools vehicle fleet, including police and fire vehicles. This funding is necessary to repair the pumps structure so it can be returned to operation.

I recommend adoption of the enclosed Order and invite you to contact David Knowlton should you have any questions regarding it.

Sincerely,

Kimberley Driscoll  
Mayor  
City of Salem

RE: Request for short term capital for the emergency repair of the Wane Fuel System located at the DPS Facility at 5 Jefferson Ave on March 29, 2021 in the amount of \$15,675.00

---

This memo has been prepared to request short-term capital funds, in the amount of \$15,675.00 to fund the costs for the removal of the fuel canopy that collapsed on March 29, 2021. These fuel pumps are essential to DPS, for public safety and first responders. Fueling for all city vehicles were affected by the collapsed canopy. Please note this canopy also held fire suppression for the fuel units which had to be removed and rewired to function for daily operations of the city of Salem's fleet.

The cost of the transfer is as follows, and are detailed as an attachment to this memo:

Description	Amount
Fuel Management Inc.	<u>\$15,675.00</u>
	\$15,675.00

The funds should be transferred to the DPS General, Contracted Services budget line, 14112-5320, for payment of the attached invoices.

If you have any questions, or require additional information, please call. The DPS Department is available to meet with the City Council to discuss this request.

**Description:**

For the removal of the Wayne fuel system canopy that collapsed and was blocking the fuel pumps and rendering the fire suppression system nonfunctioning on March 29, 2021. These units are located at 5 Jefferson ave. This system that services the city of Salem fleet including but not limited to Salem police, And Salem fire witch are first responders. This was an emergency repair that we needed to secure to keep the city of Salem's fleet in operations. The failure to these systems would have had a detrimental effect on all aspects of operations from the school dept, to the COA, and DPS for their daily operations.

Honorable Salem City Council  
Salem City Hall

Ladies and Gentlemen of the City Council:

The enclosed Orders appropriate \$280,000 to advance two public restroom projects. \$30,000 will help us complete an upgrade to the Artists Row facilities and the remaining \$250,000 will be used to construct new accessible public restrooms in the first-floor space at South Harbor Garage.

The conclusion of the previous tenant's lease at the garage space has given the City an opportunity to reimagine the space for a more active use. Later this month we will issue an RFP for a tenant to operate a visitor center facility in the space. We have already had an expression of interest in the concept from Destination Salem, who are contemplating moving their offices to the site to operate it as a visitor center, gift shop, and office space. This partnership would allow us to construct and provide these public restrooms without adding to the City's maintenance responsibilities; the lease for the tenant space will include an obligation to maintain and service the restrooms. Furthermore, the tenant's rent payments will serve to repay the City for the \$250,000 requested here to construct the facilities.

As designed, the South Harbor restrooms would include four unisex bathrooms, two of which will be ADA accessible. The restrooms entry vestibule will be accessible from both the tenant space and the sidewalk and will be monitored by a security camera. Timed entry locks will allow for opening and locking up the restrooms, even when the tenant space is not in use or open.

The Artists Row project is out to bid and, pending approval of the \$30,000 requested here, those facilities could be completed and available to the public by mid to late August. Should the Council approve the \$250,000 for South Harbor, those restrooms could be completed and available by as early as September 1<sup>st</sup>.

One of the most frequent requests we hear from residents who are downtown to shop, dine, and explore their own city, and from visitors and our downtown businesses, is that we have a great need for more public restrooms. I am pleased to report that we have worked with the National Park Service to ensure that the public restrooms at Derby Wharf and their Visitor Center will be open later in May. With the reopening of those facilities, and the completion of these two public City-owned restroom facilities, we will be providing sufficient amenities to ensure our downtown is welcoming and comfortable for all.

I recommend adoption of the enclosed Orders and invite you to contact the following staff with any questions you may have:

- Artist Row restrooms: Michael Lutzykowski and Julie Barry
- South Harbor restrooms: Michael Lutzykowski and David Kucharsky
- Potential tenant space use as a visitor center: Tom Watkins and David Kucharsky

### **Re: Free Cash Request for Renovation of Artists' Row Bathrooms**

Dear Mayor Driscoll:

We are requesting an allocation of \$30,000 in short-term capital to support the renovation of the Artists' Row bathrooms. The project was already bid once this spring. We received four bid submissions and all of them came in above the posted project budget. We moved forward with the lowest bidder but quickly learned from them that, due to recent inflation in the field, they were not able to move the project forward for the amount they bid. We then moved on to the second lowest bidder who expressed the same concerns. Material costs had increased so much there was not enough funding to successfully implement the project.

We have an updated cost estimate from the architectural team. This additional funding is needed to ensure we have adequate resources to move the project forward to completion.

The DPCD is ready to proceed with this bathroom renovation project upon receipt of funding request.

**Total request: \$30,000**

Thank you for your consideration. Please let me know if you would like additional information.

The enclosed funding request will allow the Salem Police Department to send seven new recruits to academy training programs required for them to join the police force. As you know, we have had several retirements from the department, and we are working diligently to recruit and train new officers to fill these important positions.

This funding request will assist us with the additional training for our new recruits and is reflective of our commitment to public safety in our community. In order to ensure we do not miss the window of time in which these recruits will be able to attend academy and then begin their in-service training, we are making this mid-year request for free cash to fund these costs.

Honorable Salem City Council  
Salem City Hall  
Salem, Massachusetts 01970

Ladies and Gentlemen of the City Council:

As you may recall, during the FY2020 budget-setting process the City implemented a number of measures to help reduce expenses in order to better meet a projected revenue shortfall we anticipated due to the growing COVID-19 pandemic. These measures included drawing down a portion of our reserve fund, not filling vacant positions, cutting certain expenses, and furloughing City employees for periods of time.

Over the last few months our Finance Department has worked closely with DOR and each department to better understand how our local aid levels for the current fiscal year intersect with the personnel line for each department following those furloughs. Based on the level-funded local aid amounts we have received, we are now proposing to make whole those employees who took furloughs during the height of the pandemic this past year. We are able to do so by drawing on the free cash available to us due to the higher than anticipated local aid provided by the state. In other words, this measure will not cost Salem taxpayers additional money, but it will restore our dedicated public employees to their intended level-pay amount for this current fiscal year.

I recommend adoption of the enclosed Order and invite you to reach out to Laurie Giardella and Lisa Cammarata should you have any questions regarding it. Salem residents should be proud of the way their public servants conducted themselves during the pandemic, with many of our employees taking on even more work and responsibilities as a result of COVID-19, while simultaneously being compensated less. I hope you will agree that, now that we are able to do so in a financially prudent manner, we have a responsibility to them to make them whole.

Sincerely,

Kimberley Driscoll

RE: Transfer/Raise/Supplemental appropriations

Dear Mayor Driscoll:

Attached is a Council Order requesting a transfer from the stabilization fund to increase appropriation to the FY2021 budget. The total transfer and request for appropriation is One Million One Hundred Thirty-Five Thousand, Eight Hundred Seventy-Two dollars (\$1,135,872.00) to the General fund and Ten Thousand Five Hundred dollars (\$10,500.00) to the Water/Sewer/Trash Enterprise Funds. These funds will be replenished upon certified free cash. As you are aware, in the spring of 2020, when setting the FY2021 Budget, the State Cherry Sheet Revenues and local aid receipts were projected to be lower by 10-50% of the prior year due to the COVID 19 Pandemic. These revenue projections were based on communications with our local legislators and information coming from the Governor's office. Thankfully, the State Cherry Sheet Revenues including Chapter 70 were level funded instead of cut. This resulted in a \$4.9 million positive difference which resulted in the reduced need to access available reserves. The following is a list of supplemental budget increases to be recommended to the City Council:

### General Fund:

- \$ 89,800.00 – Municipal Departments - restores \$'s for 14-hour furlough budget cuts.
- \$ 852,093.00 – School Department - restores \$'s for furlough budget cuts.
- \$ 5,636.00 – City Clerk – Adjust Maureen Davis to Actual Payroll
- \$ 9,000.00 – Human Resources – Adjust Education Training to level fund from Prior Year.
- \$ 11,805.00 – Treasurer – Adjust to Actual Salary
- \$ 14,820.00 – Parking Dept – restores a part-time position that was vacant when the budget was submitted.
- \$ 17,118.00 – Library – restores payroll to cover part-time cuts and additional furloughs.
- \$ 2,000.00 – Parks and Recreation – restores parks maintenance.
- \$ 18,600.00 – Planning – restore payroll reductions due to retirements.
- \$ 115,000.00 – Public Services Department - Tree, Planting, Removal and Maintenance – restores tree expenses to level funding

### Water/Sewer/Trash Enterprise Funds:

- \$ 10,500.00 – Enterprise Departments - restores \$'s for 14-hour furlough budget cuts.
