Salem MBTA Intermodal Station
April 9, 2012 Public Meeting
Public comment sheet: Building design priorities

As you listen to tonight’s presentation, please consider the following questions. Your input on these questions is extremely valuable. Your responses can be submitted at the end of tonight’s meeting, or mailed to the attention of the MBTA project manager, Mr. George Doherty, at the address on the reverse.

PART I: Please tell us a little about yourself
Please check if you are    > ___ a Salem resident;    ___ a nearby resident of: ____________
                               >___ a user of Salem Station for ____ rail;   ____ bus;   ____ other

PART II: General priorities
Independent of tonight’s presentation materials, please list your top 3 priorities for the Salem Station Project – what are the most important aspects of this project from your perspective (for example: building aesthetics, passenger comfort, safety/security, accessibility, traffic, pedestrian access, etc)?

1. ________________________________  2. ________________________________  3. ________________________________

PART III: Specific priorities regarding Building Design
A. GENERAL STRATEGY/PRIORITY - Specific to the materials presented this evening, please check:
   _____ I prefer a design approach to the building that BALANCES the priorities of passengers and urban context
   -or-
   _____ I prefer a design approach to the building that EMPHASIZES one priority, making others secondary.
   
   I feel that (circle one)  passenger comfort/convenience   context sensitive appearance  should take priority.

B. BUILDING DESIGN APPROACHES/PRIORITIES – Specific to the materials presented this evening, please rank in order of priority 1-9 (1 being the lowest and 9 being the highest).

   _____ enclosed lobby  _____ platform canopies  _____ additional architectural building features
   _____ heat lobby  _____ bus canopies  _____ additional brick on building
   _____ covered pedestrian bridge  _____ additional landscaping  _____ other

PART IV: Next steps
Did you find this form helpful, and would you like to use this kind of form to respond to issues at future meetings?  
_____yes     _____no

Return this form to the registration desk at the end of the meeting, or mail it to:
